## Subtable A\*: COMMON POISON TYPES

| #  | Class | Method | Onset | Strength | Mod | Type | Climate | Rarity | gp Cost |
|----|-------|--------|-------|----------|-----|------|---------|--------|---------|
| 1  |       |        |       |          |     |      |         |        |         |
| 2  |       |        |       |          |     |      |         |        |         |
| 3  |       |        |       |          |     |      |         |        |         |
| 4  |       |        |       |          |     |      |         |        |         |
| 5  |       |        |       |          |     |      |         |        |         |
| 6  |       |        |       |          |     |      |         |        |         |
| 7  |       |        |       |          |     |      |         |        |         |
| 8  |       |        |       |          |     |      |         |        |         |
| 9  |       |        |       |          |     |      |         |        |         |
| 10 |       |        |       |          |     |      |         |        |         |
| 11 |       |        |       |          |     |      |         |        |         |
| 12 |       |        |       |          |     |      |         |        |         |

## Subtable B\*: UNCOMMON POISON TYPES

| # | Class | Method | Onset | Strength | Mod | Type | Climate | Rarity | gp Cost |
|---|-------|--------|-------|----------|-----|------|---------|--------|---------|
| 1 |       |        |       |          |     |      |         |        |         |
| 2 |       |        |       |          |     |      |         |        |         |
| 3 |       |        |       |          |     |      |         |        |         |
| 4 |       |        |       |          |     |      |         |        |         |
| 5 |       |        |       |          |     |      |         |        |         |
| 6 |       |        |       |          |     |      |         |        |         |
| 7 |       |        |       |          |     |      |         |        |         |
| 8 |       |        |       |          |     |      |         |        |         |
| 9 |       |        |       |          |     |      |         |        |         |

## Subtable C\*: RARE POISON TYPES

| # | Class | Method | Onset | Strength | Mod | Type | Climate | Rarity | gp Cost |
|---|-------|--------|-------|----------|-----|------|---------|--------|---------|
| 1 |       |        |       |          |     |      |         |        |         |
| 2 |       |        |       |          |     |      |         |        |         |
| 3 |       |        |       |          |     |      |         |        |         |
| 4 |       |        |       |          |     |      |         |        |         |
| 5 |       |        |       |          |     |      |         |        |         |
| 6 |       |        |       |          |     |      |         |        |         |
| 7 |       |        |       |          |     |      |         |        |         |
| 8 |       |        |       |          |     |      |         |        |         |
| 9 |       |        |       |          |     |      |         |        |         |

## Subtable D\*: VERY RARE POISON TYPES

| # | Class | Method | Onset | Strength | Mod | Type | Climate | Rarity | gp Cost |
|---|-------|--------|-------|----------|-----|------|---------|--------|---------|
| 1 |       |        |       |          |     |      |         |        |         |
| 2 |       |        |       |          |     |      |         |        |         |
| 3 |       |        |       |          |     |      |         |        |         |
| 4 |       |        |       |          |     |      |         |        |         |
| 5 |       |        |       |          |     |      |         |        |         |
| 6 |       |        |       |          |     |      |         |        |         |

\* Roll %-die on Table 51.5 and subtables A,B,C,D or define the poison types found at the NPC/guild/ temple.
